implementation validation

## Craft your message like a pro:

### 1. State your intent

Be clear about why you're asking for an introduction.

### 2. Give an out

Be professional and give Rich Condon a way to say no.

## Subject

Can I help you find the right Technical Writer?

Tell Rich Condon why you want to get introduced  
(may get forwarded to Kent Lum)

Rich, Kent Lum appears to be recruiting a Technical Writer and I have lots of candidates who can fit the bill. To remind you, we met through the PMI in December of 2012 (you introduced my presentation). I've recruited content developers -- mostly tech writers -- in Silicon Valley for 17 years.

- Andrew, C: 650-271-0148
